

Dynamite Attack On UAW Fails

Union Offers \$250,000 Reward For Terrorists

DETROIT, Dec. 21.—(UP)—Dynamiters tried to blow up the CIO Union Auto Workers headquarters with a heavily loaded Christmas package last night and today the UAW boosted its reward ante to nearly \$250,000 to end the campaign of terror against the union and its officers.

The charge was packed in a sally wrapped cardboard box and jammed against the outside basement stairway. An anonymous tip to a newspaper reporter led to its discovery.

THIRD ATTACK The attempted bombing was the third violent attack on the UAW and its officers in the last year and one-half.

UAW president Walter P. Reuther was cut down by an intended assassin's gun in 1948. A year later his brother, Victor, fell victim to another shotgun blast. Both were critically wounded.

The UAW had offered \$220,000 for arrests leading to conviction for the attempted killing. Today's \$250,000 added reward for the bomb plotters boosted the total to almost one-quarter million dollars.

BOMB FOUND The expertly packed bomb was found at 11:30 p.m. by two UAW maintenance men who searched for an earlier police hunt had failed.

One of the two fuses had flickered out within an eighth of an inch of the detonator. The other fell about a foot from the bomb and would have broken loose.

Communist Victory Sure, Stalin Told on Birthday

By Robert E. Jackson United Press Correspondent

LONDON, Dec. 21.—(UP)—The World Communism made a demigod of Josef Stalin on his 70th birthday today and ranking leaders promised they would try to deliver the rest of the world to him country by country.

Moscow made Stalin's birthday the greatest celebration of its kind in history. Stalin, grey but evidently healthy, had only to relax and listen to the praises hailing him as the greatest man alive.

The United States still is good wader. Ambassador Alan Kirk delivered them to Foreign Minister Andrei Vishinskiy, to be relayed to Stalin. So did Britain through the person of Prime Minister Clement Attlee, and other non-Communist countries.

PROMISES MADE Stalin's two right hand men, V. M. Molotov and G. M. Malenkov, treated their chief's achievements and restated Communist goals.

(London dispatches reported that thousands upon thousands of gifts worth millions of dollars were showering in Moscow by all means of transport—automobiles, bicycles, telegrams, a "wonder" telephone that makes 14 calls at once, wines, liquors, silk stockings, a cactus plant, a coal shovel, a plantation, a collection of bean abacus, a copy of the Communist Manifesto.)

Robber Gets Jail Term For Snatch

Daring Daylight October Robbery In Court Sequel

The Oct. 8 \$7,000 daylight robbery of Edmonton hotelman Brant Matthews ended today with a two-year penitentiary term for the robber, Michael, John Markowski.

Markowski, a Kirkland Lake, Ont. miner, was sentenced today in Supreme Court here by Mr. Justice Hugh John Macdonald.

The justice emphasized he was being as lenient as possible considering all circumstances of the offence and added he was taking into consideration the time already spent in custody by the 29-year-old army veteran.

The grab was a lightning-fast action by Markowski, who rushed up behind Mr. Matthews as he was walking through a lane by the old fire hall off 99 street, snatched the suitcase out of his grip and fled.

The \$7,000 was for cheque-cashing purposes in the New Edmonton hotel, of which Mr. Matthews is proprietor.

Order for release to Mr. Matthews of the \$7,000 was made by Mr. Justice Macdonald.

The money was being held in connection with pending conviction of Markowski.

Road conditions were good for water driving when the accident occurred at 2:30 p.m.

The truck, owned by E. Richardson of the Vegreville district, had run out of gas and was parked half off the highway on a straight stretch of road.

Gable Fumbled Ring At His 4th Wedding

BY VIRGINIA McPHERSON HOLLYWOOD, Dec. 21.—(UP)—Clark Gable's dashing eloquent with Douglas Fairbanks' widow, Lark Sybil Stanley, had the film company still catching its breath today.

The great screen lover, now 46 and grey haired, married his fourth wife at a dude ranch yesterday while a photograph ground out the wedding march.

Catching Hollywood off guard, he picked up a marriage licence and was saying his "I do's" at the Altair guest ranch in Sylva, before anybody else knew what was happening.

"I've had this in mind for some time," the beaming groom said after the ceremony. "But I just didn't decide to pop the question until yesterday."

His English bride, a former chorus girl, gave her age as 30. "I answered yes as fast as I possibly could," she stated.

This was Gable's fourth trip to the altar. His friends had said no body would ever make him forget his third wife, Corie Lombard, whose death in a plane crash eight years ago sent him into semi-retirement for a while.

U.S. Navy Chief Warns Russia Building Fleet

BOSTON, Dec. 21.—(AP)—Admiral Forrest P. Sherman, Chief of United States naval operations, said today there is "ample evidence" of a reawakening of Russian "maritime ambition, progress and activity."

He added, pointedly, that the United States superior force of aircraft carriers must be maintained to keep open vital sea lanes.

In a speech at the Boston Chamber of Commerce, Sherman said that Russia has more cruisers in active service than the U.S. and that Soviet shipbuilding capacity reportedly is double its 1945 level.

MARINE AMBITIONS

"Although Russia is predominantly a land power and air power, there is ample evidence of a reawakening of maritime ambition," said the upturning U.S. naval officer.

"Since 1935, heavy surface ship construction has been in progress and within the past year, the number of cruisers and new destroyers in the Russian fleet has increased."

Sherman said the modern destroyers built in Soviet shipyards are heavy ships of high speed, armed with a standardized rapid-firing high-velocity 7.5-inch turret battery.

Christmas Cheer Making An Art

Expert Bartender Explains Principles to Amateurs

By Fred Edge

MONTREAL, Dec. 21.—(UPI)—On Christmas Eve, the un-mingled and un-mingled of Americans start their un-mingled annual nine-day punch bowl tournament.

Experts estimate this year's Yule cheer (home style) scramble will end in pretty much the same style as it has in past years. That is, the usual amount of ruined ingredients, non-fatuos over-fatuos recipes and dented pocket books ending in some plumage.

TO WIN FRIENDS

With this in mind—and a strong surge of pre-Christmas goodwill—Americans are set out today to get a few tips on how to win friends and put people under the influence.

In Montreal, a city renowned for its old world flavor, the suggestions put forward by one professional bartender call for a few ingredients, but he insists the only trick taken will be at the pocket-book level.

First, a tip. If you really want a reputation as a host-at-home, serve up both hot and cold punch for your friends' Christmas holiday cups.

Excellent recipes for both were disclosed by Andre Lelarge, of Montreal's famed 400 Parliament.

PUNCH NOEL

The first is a cold or direct punch. (Some 20 years ago) said Lelarge named "Punch Noel." "It's terrific," Lelarge said. "And so simple to make."

He himself confidentially chose "My own recipe." "First mix a bottle each of imported Scotch and French brandy. Then the juice and peel of six lemons and a half cup of orange. Add one tea-spoon of maple syrup, a half-cup of brandy and serve in three-ounce glasses.

Raymond's special, also of the 400 Parliament: Two-thirds martini (an imported Italian vermouth), three dashes of bitter, one-third dry gin, squeeze a lemon peel over it and mix—don't shake—with ice.

Bartender Fred Gagne suggested this 400 special for your Christmas cocktail list: One-quarter each of French and Italian vermouth, one-third dry gin, one-third brandy, one-third dry gin. Shake with ice and serve in three-ounce glasses.

of the Brussels telephone directory's a study. A few of the gifts were for Stalin himself; most for other leaders among his people.

Moscow, and cities and villages all over the vast Soviet Union were decorated festively with portraits, banners and flags in celebration of Stalin's birthday.

"Glory to the great Stalin!" the banners proclaimed.

Portraits of Stalin and Nikolai Lenin were displayed.

Messages of greeting poured into Moscow from all over the world.

It was understood that all western diplomatic missions—including those of the United States and Great Britain—had recommended that their governments dispatch congratulatory messages.

Foreign Minister Andrei V. Vishinskiy invited members of the foreign diplomatic corps to a formal reception tonight in Stalin's honor.

PRAYER FOR MOTHER

Two-thirds or more of the space in all newspapers are taken devoted to Stalin. Scientists, writers, artists and composers of note are among the contributors.

The Soviet Union's most famous novelist, Mikhail Sholokhov, wrote in Pravda:

"This day, while all our thoughts are directed to the Kremlin, let us not forget something else—transfer ourselves to the suburbs of Tbilisi and with reverent, awe and ardent gratitude in our hearts we silently bend our heads over the sacred remains of a small, modest Georgian woman—the woman, who, 70 years ago gave to the world him who became humanity's greatest man, our leader and father."

Discordant Note Sounded By Tito

BEGRAD, Yugoslavia, Dec. 21.—(UPI)—On the eve of Premier Josip Stalin's birthday, Marshal Tito yesterday blasted the leaders of the Soviet Union for pursuing a "counter-revolutionary and enemy policy."

Tito's charge was contained in a special order of the day to his armed forces, in preparation for the Soviet Union's 70th birthday, until last year marked with glowing eulogies in the press, here, went unnoted in Belgrade.

Israel Farming Is Sound

Buying Some Machinery From Canadian Firms

Agriculture in the new state of Israel is on a sound, modern basis, Prof. Sol Sinclear of University of Manitoba economics and agriculture department said here today.

Prof. Sinclear returned recently from a tour of Europe and the Near East and visited Israel as a member of the Canadian agricultural services mission.

The Manitoba agriculturalist addressed the annual luncheon to the Macdonald hotel, Hadassah in the Macdonald hotel, Hadassah is a Canadian association of Jewish women, promoting cultural and health work in Israel.

MODERN HOSPITAL. The Canadian Hadassah association operates a girls' school for agriculture in Nahalal and a modern hospital in Jerusalem.

Agriculture suffered very little in the recent Jewish-Arab war, Prof. Sinclear said. He told of one modern commercial farm of 3,000 acres that uses tractors, combines and trucks has 150 fine dairy cows and 6,000 laying Leghorn hens.

Israel is buying considerable farm machinery from Canada and importing Canadian wheat, barley and timber, Prof. Sinclear said.

Communism is practically nonexistent in the new Jewish state, he said, with true curative countries generally in disfavor.

There is no bitterness between Jews and Arabs despite the war. There are 150,000 Arabs living in Israel, with another 100,000 to return. Three Arabs sit in the Jewish parliament.

SOME TENSION. With the cold war between Russia and Western Europe were to end, there would be no tension in Israel, said Dr. Sinclear.

He said Israel needs three things—more people, more capital, both investment and support, and skilled technicians.

Mrs. Harry Bloomfield presided at the Hadassah luncheon.

Boom In Business For Most Firms

Business boomed in the first nine months of 1949 for all major industries except packing plants, flour mills and forestry and fishery trade in Alberta.

Statistical report issued today by the department of industries and labor showed substantial gain in coal and petroleum production, natural gas consumption, concentrated milk manufacture, manufacture of clay, cement and lime products, compared to the same period last year.

GROSS SALES. Gross sales of the wholesale trade jumped by 17 per cent, increased by 21 per cent, from \$36,900,435 to \$44,737,394.

Construction contracts were up 51 per cent, with a total value of \$80,025,700 for the first nine months of 1949 compared to \$53,161,330 for the same period in 1948. Building permits in Edmonton, Calgary, Lethbridge and Medicine Hat increased in value by 42 per cent.

Bank clearings were up 22 per cent and customs receipts were 20 per cent higher in value.

Largest single increase during the period was in petroleum production.

Airman Hurt In Explosion

City Bylaw Is Foolproof

It is practically impossible for Edmonton stockholders to break the half-day closing bylaw at Christmas time, Mayor Sid Parsons said today.

Edmonton retail stores can stay open all day Wednesday during the whole month of December, so today and next Wednesday offer no impediment to a full day's commerce.

In addition, next week's half-holiday goes by the board because an official holiday also occurs during the week.

Yellowhead Still Standing Chance

There's still a fair chance that the Yellowhead route may be selected for the Trans-Canada Highway, J. W. Welbourn, Liberal member of parliament for Jasper-Edmonton, said here today.

Back in Edmonton for the Christmas holidays, Mr. Welbourn said he is still convinced the Yellowhead route should be chosen over the suggested route through southern Alberta.

Pork Price Shows Drop

Uncertainty over the British market is causing a steady drop in pork prices, in consumers, Edmonton parking house officials said today.

Possibility that Canada may have a large surplus of pork if no new contracts are made with Britain is causing Alberta producers to rush hogs to market, one packing house official explained.

He said that one plant expecting to handle 5,000 head of hogs in the past week actually has handled 9,000.

Packing plant prices today for dressed hogs are at 36 cents per pound, as compared to 27 1/2 cents per pound some weeks ago. At one time the price to producers was 35 cents per pound.

Even if a new contract is made, prices will likely be at a lower figure, a packing plant head said.

A legal decision in Ontario, Canada, permits children of the province to go to school in their bare feet.

\$2.5 Million Wheat Money Is Diverted

Cash Will Be Used For Lumber Purchases Here

OTTAWA, Dec. 21.—(CP)—Anglo-Canadian negotiators have completed an agreement to divert \$2,500,000 from Canadian wheat sales to the United Kingdom to provide the U. K. with dollars to purchase 40,000,000 board feet of eastern-Canadian spruce, a government spokesman said today.

This is the first of a series of expected agreements which may be announced within the next few days covering further dollar diversions from wheat for Canadian sales and cannot submit contracts in 1950.

Total diversion is expected to amount to about \$10,000,000. It will mean that Canada will defer delivery of some 1,500,000 bushels of wheat to the U. K. during the 1949-50 crop year.

The spruce agreement, which results from diversion of 1,250,000 bushels of wheat at \$2 a bushel, covers the first half of 1950.

The U. K. purchased 130,000,000 board feet of eastern spruce in 1949 at a total cost of more than \$9,000,000.

ADDITIONAL ORDER

The east-coast order is in addition to the U. K. request for west-coast tenders for 100,000,000 board feet of Douglas fir during the first half of 1950.

Tenders for this order are believed to have been submitted by lumber companies in British Columbia and western United States, but the U. K. has not yet expected to be made known.

The west-coast order will amount to about \$7,000,000 and may be divided among lumber interests in both Canada and the U. S.

Ex-Minister Leaps To Death

NEW YORK, Dec. 21.—(UPI)—Jacques Stern, 66, former French minister of colonies and secretary of the French navy, leaped to his death from his sixth floor apartment at 8:30 a.m. today.

Stern had lived here eight years and had been in New York hospital suffering from polio. He left two notes. The contents were not made immediately known.

Police said Stern returned from France about three months ago.

3,000 Strike In Sympathy

BOMBAY, INDIA, Dec. 21.—(AP)—More than 3,000 industrial workers went on a one-day hunger strike today to protest the police servants of the fabulously rich Gokulnagar of Baroda to start eating meat.

The 13 police servants have been on a hunger strike for 15 days. Nearly 200 of their fellow workers have been on a more serious strike for almost a month, demanding recognition of their new union and high wages. The 13 are in jail along with 85 others who were arrested when the strike began.

Sympathy strikes for the servants of the Maharajah, or Gokulnagar, who were accused of squandering \$10,000,000 in a day's work, have broken out among other workers. Bombay was in darkness last Saturday when the municipal workers walked out.

LAST SUSPECT

It was understood one concerned flat glass manufacturer. The reports will be made public by Jan. 15.

Garnon's failure earlier this year to publish McGreggor's report on the four-milling industry led to the combines commission's resignation. Garnon was later the subject of severe criticism in parliament, and he promised MPs that never again would he withhold combines reports beyond the statutory 15-day period.

Israelis Warn Red Agitators

TEL AVIV, Israel, Dec. 21.—(UPI)—The government newspaper organ asserted today that Israeli Communists are preparing to start a campaign against the government's proclamation of Jerusalem as the capital and urged they would risk treason charges in doing so.

"Hadar," which is the mouthpiece of Premier David Ben-Gurion, said the Communists were preparing to start agitation in Jerusalem "to prove to the world that the people of Jerusalem do not support the government's intention to proclaim Jerusalem the capital."

1950 'Hat Stampede' Already Nearly 'Set'

MEDICINE HAT, Dec. 21.—(CP)—Bookings are virtually complete for the 1950 stampede in Medicine Hat, it was revealed at last night's annual meeting of the Stampede company shareholders.

Proposals to stage an international cutting contest, a relay horse race, headcoring contest and a children's calf halter contest were discussed and referred to a committee for report.

Re-elected company officers were Mack Highton, president; D. A. Scholten, first vice-president; and managing director, Grev Burton, second vice-president; Henry Cusack, third vice-president; and Thompson, stampede manager; and Joe Marsh, secretary.

Directors elected were Mauns Highton, Burton, Cusack, Scholten, Thompson, Emerson Porter, Harry Mitchell, Ed. Sept. Perry, Yeo, S. F. Scott, Rube Gardner, Jack Dempster, Louis Cohn, Ted Swack, A. F. Burns, Charlie Ross, Alex Stewart, Joe Marsh, George Henshell, George Murray, Bill Dennis and Don Hartley.

The idea of holding an international day and an old timers' reunion in connection with the 1950 stampede, July 6, was proposed. Present City Shows has been booked for the Midway, the night.

Some quarters took this to mean the Reds plan an invasion of Italian, Nationalist retreat. An invasion of Italian, only three miles off the peninsula, is considered more feasible than an attempt to wrest Formosa from the Nationalists. Formosa is 120 miles off the south central China coastline.

Most of the remaining Nationalist troops are on Formosa or Hainan. Other Chinese news reports said Koming will be in the hands of Yunnan rebels. Nationalist headquarters on Formosa reported capture of Koming on Monday.

Old Furniture Warehouse Is Ultimate in Drive-Ins

By Virginia MacTherson
HOLLYWOOD, Dec. 21.—(UPI)—This town's really gone crazy over drive-ins. Now you can even shop for pianos and refrigerators without once crawling out of the family jalopy.

The natives claim they have the first drive-in furniture store in history.

And it's just one more splash in the current wave of drive-in movies, liquor stores, laundries, and beauty parlors.

The natives claim they have the first drive-in furniture store in history. And it's just one more splash in the current wave of drive-in movies, liquor stores, laundries, and beauty parlors.

Anybody has to be in to fill up that mortgage-covered cottage is wheel into Tim Griffin's warehouse and there are the sofas and the chairs and the lamps spread out right in front of your headlights.

If you want to get out and feel the material, Tim'll have a boy take your car. He even hands out free cookies for the customers to guzzle while they browse.

MIDGET FOR KIDS

And if the kids get crankier, there's a wee leprechaun to keep 'em from ripping price tags off cocktail tables. (Tim's a six-foot, blue-eyed Irishman, and he gets more fun out of that little midget than the kids do.)

This drive-in of his isn't one of those fancy chrome-and-glass-plated affairs. It's an old warehouse, and he's got it stuffed with three tons of bargain furniture and his parking lot's always full.

"People told me I was crazy when I started," Tim chuckled. "I did \$20,000 in business in October. Last month it was \$12,000. So I'm asking you, who's crazy?"

LOW PRICES

He's going all out for families on a budget. He says he's not equipped to fit up a wacky mansion, but if you want three rugs for 80 cents, he's got 'em.

"We won't get your home photo's grabbed for House Beautiful," he said. "But we'll keep 'em from looking empty. Who isn't a small house with inexpensive furniture for laborers and veterans? Sure, it's better than a trailer, is it not?"

Here fixing up one big corner of the warehouse for a baby-sitter, too. Before long Mama can park the moppets with a baby-sitter while she snuggles for a post-lunch siesta.

DOUBLE PURPOSE

This is not all benevolence on Tim's part, although he's reading up on toys and waterproof linoleum and interviewing nurses. It's also a sort of insurance. "Children, God love 'em, like to rip price tags off my merchandise," he grinned. "We lost 40 tags last week. It took us two days to get straightened out."

Mistake In Drug Endangers Boy

PHILADELPHIA, Dec. 21.—(UPI)—Authorities searched today for a mother and her young son who reportedly received a deadly drug in error from a Philadelphia pharmacist.

The Pennsylvania railroad started the widespread search for the boy and his mother when an unidentified caller telephoned and said the mother bought a dangerous drug by mistake. She had asked for "something for an upset stomach."

The caller said the mistake in the prescription was learned about two hours after they left. Then he hung up without giving additional information.

Railroad spokesmen said they had no assurance that the mistap actually occurred, but took every possible precaution to avert a possible tragedy.

THERE'S NO SNOEK LIKE AN OLD SNOEK

DUNDEE, Scotland, Dec. 21.—(CP)—Food Minister Strachey finally admitted it—he doesn't like sneek.

For all that, he told a political meeting, sneek sells well in the shops, and some people like it.

Strachey was defending Food Ministry purchases of the United South African Fish, which the government can buy more easily than Canadian salmon.

"I bought the sneek and sold it all without a loss. Believe it or not, it was eaten," he said. "I ate it myself. And I must say I thought it was one of the dullest fish I have ever eaten."

A Million Work Days Lost Through Strikes

OTTAWA, Dec. 21.—(BUP)—Strikes and lockouts during the first 11 months of 1949 resulted in a loss to Canadian industry of more than 1,000,000 working days, Labor Minister Humphrey Mitchell said today.

Mitchell said there were 123 strikes and lockouts during the period covered, involving about 47,000 workers.

He compared this with 1948 figures, when there were 130 strikes and lockouts with 45,000 workers concerned, resulting in a time loss of about 860,000 days.

Three strikes in November accounted for 87 per cent of the total time loss, Mitchell said.

These were the strikes of rubber factory workers at Toronto, lithographers at London, Hamilton, Oshawa, Toronto and Montreal, and motor vehicle factory workers at Oshawa, Ont.

The three strikes also accounted for 80 per cent of the total work days lost in the year's work stoppages, Mitchell said.

Americans Barred In Red Hungary By U.S. Order

WASHINGTON, Dec. 21.—(AP)—The United States today ordered American travellers to stay out of Communist-run Hungary because of the "inhuman" treatment of Robert A. Vogeler and other U.S. citizens.

A sharply-worded note announcing the ban demanded the prompt release of Vogeler, a communications company official who has been held incommunicado for more than a month.

American citizens are no longer free to travel in Hungary, without suffering surveillance, arbitrary arrest, or other intolerable molestations," the State Department charged in a note.

WHETHER MERCURYS, scheduled to head overseas later in month in quest of world hockey honors, can turn trick remains to be seen. Mercurys Dump 'Stars 8-5 In Exhibition At Camrose

CAMROSE, Dec. 21.—(CP)—Edmonton Mercurys, scheduled to head overseas later in the month to represent Canada at the world amateur hockey tournament in Sweden in February, downed an all-star squad here last night by an 8-5 score.

A good sized crowd saw the visitors spot the all-stars a one goal edge midway of the first period, after which they went untraced and didn't have too much trouble registering their win.

THEY'RE ROLLING
It was the second victory in as many nights for coach Jimmy Graham's Mercurys. Monday they evaded an Edmonton Intermediate 'B' league all-star aggregation by 1-0.

Speedy Doug Macaulay paced Mercurys to their triumph last night, scoring two goals. Others rallied off the sticks of Bill Dawe, Bob Davis, Hattie Young, Harry Allen, Don Stenley and Jack Davies.

For 'Camrose', snipers were Jim Fleming, with two, Bob (Pip) Proulx, Forrest and Richardson. Proulx, with Saskatoon Quakers to start last season, scored all-stars to a lead at 10:00 at the opening frame when he whipped one by Wilbert Delaney in their Mercurys goal.

DAWE GOT IT BACK
However, the lead was short-lived. Dawe replied for Mercurys 56 seconds later as the squad from the capital city began to assume control.

Count was knotted at 2-2 after 20 minutes, with Mercurys forcing ahead in the middle stanza to take a 4-2 lead on counters by the strident Dawe and the fleet Macaulay.

Visitors outscored all-stars by the odd goal in seven in a wide open third period.

Mercurys, presently engaged in a heavy exhibition schedule, swing right back into action tomorrow night. They take on Calgary Arena Jinks at the Edmonton Gardens.

BOUCHER, NHL PREXY ON OUTS OVER RULES

NEW YORK, Dec. 21.—(CP)—General manager Frank Boucher of New York Rangers may leave the National Hockey league rules committee.

Boucher said yesterday he has resigned from the committee because of the criticism of league president Clarence Campbell. However, Campbell has asked him to reconsider his action, Boucher said.

Boucher said that every time he discussed the possibilities of a future change in rules, Campbell considered it as a "criticism of the game."

The 48-year-old native of Ottawa said he would rather leave the committee than not be able to discuss rule changes. "It would be ridiculous to leave myself open to such criticism."

And one of Edmonton's parent organizing does go together this festive season when Rae Enright returned to spend a two-week "furlough" from the University of North Dakota with his dad, Jimmy.

In the days after the other year (1921) Jimmy Enright captained Edmonton Eskimos to a western Canadian football championship and a shot at Toronto Argonauts in the Grey cup final.

And in the years immediately following the recent hostilities young Rae has blossomed into one of Edmonton's better junior gridiron stars. He developed so well, in fact, that Eskimo coach Anna Stukus has expressed a desire to see the young halfback turn out with the Edmontoners next fall.

Although a money blower for a new stadium arena, project failed to pass with the necessary three-fifths majority in the 1946 civic election and again in 1947. West felt the idea still had merit.

It turned the Greater Winnipeg Co-operative Sports Society, intent on raising \$2,000,000 by selling shares. The money is to

be used to build a \$1,500,000 arena, complete with dressing and club rooms, wash rooms, gymnasium floors and a seating capacity of 12,000. Another \$500,000 is to be spent on the erection of a 1,400-seat stadium, including space for football, basketball, track and field, and any other outdoor sports.

Winnipeg's present stadium seats approximately 6,000 persons, while the amphitheatre holds 3,000. The population of greater Winnipeg stands at 214,445.

West says "if other cities, with much greater populations, can have decent rinks and stadiums, why can't Winnipeg?"

Because of this lack of sports facilities West went ahead with his project.

With the slogan "Pay for it once and own it forever!" the

society put out shares of \$5 each after becoming incorporated last March.

West explains that control of the stadium would be kept by contributors, each retaining only one vote regardless of the number of shares held.

"Share receipts would repay expenses in no time at all," he says. "Profits from program sales and concessions could be donated to welfare organizations or for promoting sport in community clubs."

With the athletic becoming incorporated recently, shares and have been approximately \$2,500 accumulated so far. But officials have arranged for an all-out effort to raise more shares. More than 5,000 persons have pledged themselves to share.

Caps Prevail in Overtime After Blowing Early Lead

REGINA, Dec. 21.—(CP)—Bill Kyle's goal at 2:10 of an overtime period last night gave Regina Capitals a 7-0 victory over Edmonton Flyers in a fast and rugged Western Canada Hockey league game.

Second-place Flyers, down 4-1 at the start of the third period, staged a terrific comeback to go ahead 4-3 only to meet their big chance to close the two-point gap separating them from the league-leading Calgary Stampede.

Bowling 'War' Dies A-Bornin'

To all intents and purposes Edmonton's bowling brawl has rolled down the gutter.

Yesterday Jerry McArthur, president of the Edmonton Five Pin Bowling association, put the damper on rumors of a war between his group and the rival Greater Edmonton and District Five Pin Bowling association.

Said McArthur: "Contrary to recent reports, we are not at war with the Greater Edmonton outfit. Rather, we will seek to help them and cooperate with their organization in the interests of better bowling in this city."

Earlier this week the Greater Edmonton association scored a routing with a 10-0 right down the center and apparently ended McArthur's efforts.

In an open letter to all bowlers, Chairman Herb Caldwell of the Greater Edmonton outfit said the average bowler in the city needs a better deal. He indicated that all was not sunshine and roses for the average bowler under the Edmonton Five Pin regime.

And Caldwell invited all leagues to swing in to his side for a better bowling deal. To all intents and purposes the Greater Edmontoners were going quidding for the elder EPBFA.

But they want to live a life that McArthur's stand alone permit the Caldwell crew to carry out what bowling reform is necessary.

And make that the correct approach. Especially in the Greater Edmonton area.

He said he could not foresee any serious economic downturn in the immediate future.

Victor D-Masera, a young English heavyweight, was the first to sign up for a chance at \$100. There were indications that Woodcock would not lack for other takers.

As a consolation prize Woodcock's manager, Tom Hunt, offered \$25 to anyone who stays on his feet for one round against the British champion.

Woodcock, who will be 29 next month, won from Savold on a final last December. He stopped the light heavyweight champion Freddie Mills, in 14 rounds in June and last fought Vince.

The return bout with Savold was juggled around for a month late last summer before the final decision to postpone it until spring. Woodcock was hurt in a truck crash in August while in training.

His doctor said he was recovering slowly and could not fight again, at least until December.

Ace British Heavyweight Puts 'Price' On Own Chin

By Ben Phleger
LONDON, Dec. 21.—(CP)—Bruce Woodcock offered £100 (\$310) yesterday to any sparring partner who can knock him down, and the live started forming on the right.

His offer apparently was another move to convince the British public that he is a serious boxer, his opponent in a fight with two rounds of action, N.J., for the British version of the world heavyweight title. Now he is testing out for late May at London's White City stadium.

Despite his details, rumors persist that Woodcock, rather than fight again, will go through with his previously-announced intention to retire, once before he retires and "unretired."

Johnny Williams, a young English heavyweight, was the first to sign up for a chance at \$100. There were indications that Woodcock would not lack for other takers.

OTTAWA, Dec. 21 — (HUP) — Warning was made here that the nation's potato industry is threatened by the deadly black wart or canker disease unless potato imports from Newfoundland are strictly banned.

The warning is given by W. N.

Keenan, chief of the plant protection division of the Federal Agriculture Department. He says the department enforces regulations which prevent the movement of potatoes from the new province to elsewhere in Canada.

Keenan says these regulations are necessary because the black wart is one of the most destructive diseases attacking potatoes. He says it is quite serious in certain sections of Newfoundland, where it has been prevalent.

No outbreaks have occurred in Canada. When Newfoundland joined Confederation immediate steps were taken to amend Federal regulations to prohibit the movement of potatoes to the mainland. A heavy penalty is provided for any contravention of the law.
